

The God equation and a solution

Soumadeep Ghosh

Kolkata, India

Abstract

In this paper, I describe the God equation and a solution.
The paper ends with "The End"

Introduction

In this paper, I describe the God equation and a solution.

The God equation

The God equation is

$$G + o + d = God = G^{o^d}$$

A solution to the God equation

A solution to the God equation is

$$G = 1.57450764 \dots$$

$$o = 3.07795001 \dots$$

$$d = 1.20960692 \dots$$

The End
