

3 statistical solutions to population

Soumadeep Ghosh

Kolkata, India

Abstract

In this paper, I describe 3 statistical solutions to population.
The paper ends with "The End"

Introduction

Contrary to popular belief, 3 statistical solutions to population exist.
In this paper, I describe 3 statistical solutions to population.

3 statistical solutions to population

1.

$$a = 178, b = 92, c = 67, \mu = \frac{337}{3}, \sigma = \sqrt{\frac{10171}{3}}$$

2.

$$a = 138, b = 2, c = 98, \mu = \frac{238}{3}, \sigma = 8\sqrt{\frac{229}{3}}$$

3.

$$a = 2, b = 2, c = 2, \mu = 2, \sigma = 0$$

The End
