

The Good equation and a solution

Soumadeep Ghosh

Kolkata, India

Abstract

In this paper, I describe the Good equation and a solution.
The paper ends with "The End"

Introduction

In this paper, I describe the Good equation and a solution.

The Good equation

The Good equation is

$$G + o + o + d = Good = G^{o^o^d}$$

A solution to the Good equation

A solution to the Good equation is

$$G = 4.14771690 \dots$$

$$o = 1.31690944 \dots$$

$$d = 1.09500058 \dots$$

The End
