The cubicle

Soumadeep Ghosh

Kolkata, India

Abstract

In this paper, I describe the cubicle. The paper ends with "The End"

Introduction

The cubicle is a mathematical structure that's useful in many organizations. In this paper, I describe the cubicle.
The cubicle

The cubicle is

$$z(x, y) = e^{-16x^2y^2} sinc(16x^2y^2)$$

where

$-2 \leq x \leq 2$ and $-2 \leq y \leq 2$

Plots of the cubicle
